EL DORADO COUNTY'S ONLY DAILY NEWSPAPER

VOLUME XLVIII

PLACERVILLE, EL DORADO COUNTY, CALIFORNIA, THURSDAY, JUNE 9, 1938

NUMBER 134

TRUSTEE VOTE RESULT TOLD

J. A. Irving Re-Elected To
High School Board; Only 2
Districts Unreported

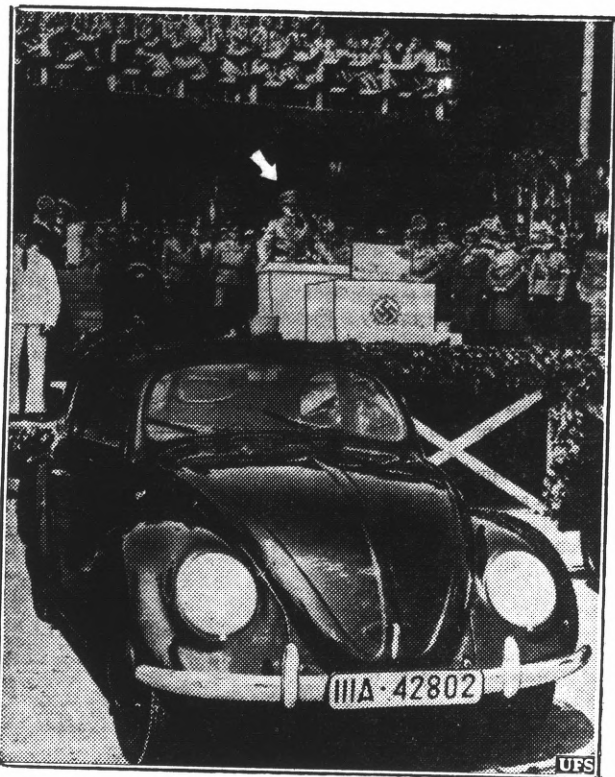

In a majority of elementary school districts of the county, the incumbent trustees were re-elected in last Friday's school election, and James A. Irving was re-elected to the governing board of the high school.

This is on the basis of an incomplete summary of the election, released Thursday morning by County Superintendent E. J. Fitzgerald in which only Bridgeport and Wildwood districts are unreported.

There was no election held in Carson Creek, Deer Valley, Green Valley, Live Oak, Penobscot, Salmon Falls, Sly Park, Coloma, Gold Hill, Indian Diggings, Springvale and United districts.

The superintendent has been asked to re-appoint Marie H. Grien in Deer Valley; James M. Glass in Green Valley; George Safranck in Live Oak; Hector Williamson in Springvale; Robert G. Brown in Indian Diggings; Lennie J. Steever in Penobscot; Chas. F. Anderson in Salmon Falls; Floyd Pools in Pacific and Mrs. J. E. Joergel in United district.

Re-elected trustees are C. L. Scheiber (Continued on page 4)

NAZIS LAUNCH FLIVVER—Here is the first of the "Strength Through Joy" automobiles that Germany plans to manufacture, of which Chancellor Hitler said Germany had room for upward of 7,000,000. At a cost of 990 marks (about \$400), it seats five and operates at 65 miles per hour. Chancellor Hitler, arrow, is shown introducing it as he laid the cornerstone for the new factory.

4 MORE QUESTIONED AS G-MEN FIND BODY OF BOY, RECOVER RANSOM, HOLD SUSPECT

Threats Of Mob Violence Heard Following Arrest Of Married
Son Of Minister Who Was Among First To Volunteer In
"Search" For 5-Year-Old In Florida Everglades

MIAMI, Fla., (U.P.)—Threats of mob violence were circulated through South Florida today after federal agents found the body of kidnaped Jimmy Cash, recovered the \$20,000 ransom that was vainly paid for his release and arrested a suspect.

G-Men, directed by J. Edgar Hoover, questioned Franklin Pierce McCall, 21 year old farm hand, to learn full details of the abduction and murder of the blue eyed, five year old boy.

McCall, who confessed writing the ransom notes and collecting the money led federal agents to the body and the ransom early today. He was carefully guarded on the 13th floor offices of the federal bureau of investigation.

A married man and son of a minister, insisted he was only an accomplice. Despite his insistence, however, plans were pushed to ask his indictment under a Florida kidnaping statute which carries the death penalty.

Hoover said that others might be involved in the case.

It was understood that four men were being questioned at FBI headquarters.

If McCall actually had any part in the crime, it was apparently his first criminal act, and his bold and blundering tactics had trapped him. He had no police record. It was McCall who "found" the last of the three ransom notes. He had been among the first to join the vast army of volunteers who plodded through the countryside hunting the kidnapers and the body for a week without success.

He had even gone to members of the Cash family and talked to them about the kidnapings, commenting on how easy it was for the abductors to break into

the house. Members of the Cash family were the first to become suspicious of McCall. They told the sheriff, D. C. Coleman, of their suspicions, and he intercepted McCall last week when the latter returned home from another day's "search."

After the sheriff had questioned him persistently for several days, Sheriff Coleman said "It is my opinion that this was a one-man job."

The "break" came shortly after 11 p. m. last night. Hoover, 12 G-men, an autopsy surgeon, and a state prosecutor, sped from the Miami FBI office dressed in khaki clothes and carrying spades and shovels. It was understood that McCall accompanied them.

A mile from the Cash boy's home, half a mile off a road in a lush, tangled Mangrove country, they found the body. It was little more than a skeleton, identifiable only by the white and rose-colored pajamas that clung to it. The manner of death could not be established, even after an autopsy. Dr. Thomas O. Otto, Miami surgeon who performed it, said there were no fractures or bruises. G-men believed the boy had been smothered or choked.

The body was taken to the funeral home of George W. Turner at Homestead, six miles from Princeton. G-men found the ransom money in an orchard belonging to Charles Chambers, a mile from where the body lay. The shoe box in which Cash delivered the \$10,000 in a night tryst with the kidnapers on May 30, was found torn to bits and buried under a stone in front of the home of Joseph Hillard. McCall's father-in-law, Hoover announced.

YOUNG FARMERS MAY GET PROJECT LOANS AT BANK

The Bank of America is instituting a policy of making loans to members of 4-H Clubs or Future Farmers of America, to assist them in their projects. Loans may be obtained in amounts up to \$150 under the plan.

This new policy, according to E. Ogden Hook, of the Placerville branch of the bank, is general with the Bank of America effective this date.

The Placerville Branch had created a 4-H club project loan fund some months ago, using as a nucleus the prize money won by the bank with its gold display in the county fair last year.

Brandon School Closed With Picnic

The Brandon School held its closing day picnic Friday at the school. A picnic lunch with ice cream was enjoyed at noon. During the afternoon the election of school trustees was held. Frank Emerson was elected. The school children gave a short program.

SHERIFF GEO. M. SMITH IS CANDIDATE FOR RE-ELECTION

Sheriff Geo. M. Smith Thursday announced his candidacy for reelection on a platform of a continuation of law and order in El Dorado County.

In announcing his candidacy Mr. Smith made the following statement, "While it has been my privilege to serve the people of El Dorado County as Sheriff, I have conducted the office with efficiency and economy. The records of my office will show that rackets do not exist here.

"In presenting my candidacy for reelection I pledge my continued efforts to conduct the Sheriff's office in the interests of the safety of the people and at the least possible cost to the taxpayer."

PENNY DEBT PAID

VAN WERT, O. (U.P.)—A 40-year-old debt of 1 cent—plus 11 cents interest—has been paid to Holly Hoaglin, Cavett, O. Hoaglin, who would not reveal the donor, said the debt was contracted 40 years ago when his father lent a penny for postage.

ROAD OPENING FETE JUNE 19

Tentative Date Announced
By Highway Sub-Committee
Of Commerce Chamber

Preparations for appropriate ceremonies marking the opening of the newly realigned highway section between a point west of El Dorado and Clark's Corners, on U. S. Route 50, are being made by the Chamber of Commerce in co-operation with state officials, it was learned Thursday.

The date tentatively set for the opening of the road, it is understood, is June 19th, Sunday, although it is admittedly possible that the highway section may be closed for a few days following to permit finishing up of the work.

Arrangements for the chamber of commerce are in the care of a sub-committee of the chamber's highway across Webber Creek at ten o'clock in the morning.

Following the exercises, it is proposed, state officials will be tendered a luncheon at Hotel Raffles.

Invitations have been extended to Governor Merriam and Public Works Director Earl Lee Kelly to attend and take part in the ceremonies which, it is proposed, be held at the new bridge committee, consisting of Leonard Zelwick and Cecil George.

200 Register At Reunion

Green Valley School Names
Incumbent Association
Heads To Second Term

By ELOISE DUNLAP

On June 5th the second annual home coming of the former teachers, pupils and friends of the Green Valley district was held at the Green Valley schoolhouse with nearly two hundred in attendance.

Friends spent the morning visiting and at noon lunches were spread on long tables, where everyone enjoyed chatting with their old friends.

Mrs. Julia McDonald, the President, called the meeting to order and paid a very fine tribute to the members who had passed since our last meeting together.

The program was as follows: Roll Call; Raising the Flag by Wallace Rust, one of the oldest living pupils of the Green Valley School; Superintendent Fitzgerald led the Flag Salute; Community singing led by Mr. Gerhardt; the 4-H Club Orchestra gave several numbers; Rev. Booth, of Sacramento, gave a short talk; Mesdames Melchior, Kipp, and Barton and Mr. Wm. Rust were called upon for speeches; Mr. Gerhardt and Fred Wessel each offered a solo; two songs were given by the Grien Quartette.

Mrs. Julia McDonald was re-elected President and Eloise Dunlap, secretary. It was decided to have a meeting each year, the date to be set by the committee in charge.

At the roll call the following teachers were present: E. J. Fitzgerald, Ruby G. Melchior, Florence Pratt and Eloise Dunlap.

The pupils present were: Wallace Rust, Julia Lorain, John Meder, Mrs. Ena Meder Barrette, J. F. Meder, B. L. Went, Charles A. Lorain, Mrs. Libby Miller, Mrs. Julia McDonald, Lottie Wing Sprague, Mary E. Blair, Ila Wing, Douglas Kipp, Lawrence Kipp, Lester Kipp, Earl G. Wulff, Mary Zentgraf Wulff, Mrs. Pearl Wing, Anna Meder McCormick, Wm. Rust, Ida Biggs Phillips, Emma Wing Kipp, Mrs. Louisa Fleming, Mrs. Isa Fisk Lewis, Irene Muir, Mrs. Mae Clayer Wulff, Mrs. Tillie A. Barton, Mrs. Agnes McBeath, Mrs. Nettie Starbuck, Louetta Phillips, Florence M. Pratt, Eleanor Lynch, Melvin C. Meder, Jimmie Meder and Hulda Wing Fehneman.

Shingle Springs Native Passes At Capital

Mrs. Jessie Kenney, a native of Shingle Springs, died Wednesday in her home at 1610 G Street, Sacramento, after a lengthy illness. She was an early day resident of the capital city.

Her husband, Robert E. Kenney, died a year ago. She is survived by her brother, George M. Slocum of Natoma, Sacramento county, and a nephew, Newton O. Slocum of Sacramento.

Services will be held at 2 p. m. Friday in her home and burial will be in Odd Fellows' cemetery, at Sacramento.

H. S. ENLARGEMENT NEEDED TO DO AWAY WITH OVERCROWDING

Resume Of Facts By Governing Board Gives Details Of New
Units For Which \$95,000 Bond Issue Is Asked In Election
To Be Held June 17th; Enrollment Gain Is Cited

The following statement, citing the need for enlargement of our high school plant, for which an election will be held June 17th to provide funds, was released this week by the Governing Board of the high school:

Believing you are interested in the educational and cultural development of El Dorado County and therefore will be in favor of providing adequate facilities for the high school youth of the county, we, the members of the Governing Board of El Dorado County High School District, wish to inform you of the urgent need for enlarging the high school building and request your support of the proposed \$95,000 bond issue necessary for such expansion.

The present high school building was constructed during the school year 1928-29 and was first occupied in the fall of 1929. It was constructed and equipped for a capacity of 325 students which at that time, judging by the population growth of the county since 1910, would be ample for years to come. However, the following statistics show the actual growth and percentage of increase in population that could not be foreseen in 1928:

Year	1910	1920	1930	1938
Population	8022	8372	9376	14,028
Per cent of increase over previous census		4.47	11.99	49.6

This indicates the population increase was four times as great in the eight-year period from 1930-38 as it was in the previous ten-year period from 1920-1930.

The high school growth exceeded the rate of increase in the county population as shown by the following figures:

School Year	Average Daily Attendance	Total Enrollment
1929-30	271.21	333
1930-31	298.95	373
1931-32	330.00	388
1932-33	358.00	438
1933-34	330.05	391
1934-35	333.31	468
1935-36	373.93	489
1936-37	399.83	516
1937-38	428.4	525

This indicates an increase of 157.16 in average daily attendance or 57.9 per cent while the total enrollment increased 192 or 57.6 per cent as compared with an increase of 49.6 per cent in county population.

The capacity of the building was reached in the year 1931-32 and has been exceeded each successive year to a greater and greater degree. During the past year a large number of students were unable to register in courses which they desired owing to overcrowded conditions. They were forced to enroll in classes where seating space could be provided. A similar condition will exist next fall except to a greater degree and will continue to be more and more acute until additional facilities have been provided.

At the close of the current school year the active enrollment in the classes which will return in the fall was as follows: Juniors 108, Sophomores 145, Freshmen 125, or a total of 378. The enrollment for the coming school year can be conservatively estimated to include at least the above figures plus 160 Freshmen which would give a total expected enrollment of 538 which will exceed the capacity of the building by 213 or approximately 66 per cent overload. The above figures are extremely conservative as experience in the past has shown that enrollment in the fall of each year has always exceeded the estimate.

The following additions are being proposed as a minimum requirement:

UNIT I. A gymnasium with exercise floor 70x80 ft., rest room and study room for girls, storage space for equipment, girls' lavatories, office for women's physical director, and additional shower booths for girls. For the boys there will be a new shower room, drying room, lavatories, and office space. This will permit the enlargement of the boys' locker room to nearly double its present capacity.

During the past year the girls' physical education classes have averaged from 54 to 66 students per period and the boys' classes have averaged from 41 to 90 per period. On stormy days when a portion of these groups could not be out of doors the present gymnasium and its facilities was far inadequate to care for the present needs to say nothing of the expected increase in enrollment.

UNIT II. A two-story wing which will include on the lower floor a (Continued on Page 3)

MINT SETTLEMENT WILL DELAY PAYMENTS ON NEW GOLD

The attention of our gold miner readers is directed to the following announcement, received from the Superintendent of the Mint, at San Francisco:

"Due to the annual settlement at this Mint, deposits received after June 17, 1938, will not be liquidated until July 1, 1938. Deposits received prior to that date or later than June 27 will be liquidated in the customary five days."

Thus, if there is a slight delay in the liquidation of some shipments, the above will serve to explain the matter.

FARM BUREAU DIRECTORS TO ELECT, PERFECT CAMP PLANS

Regular annual election of officers, and adoption of final plans for the annual overnight camp at Lake Tahoe June 18 and 19 will constitute the principal order of business at tonight's (Thursday's) meeting of the directors of the County Farm Bureau.

The meeting will be held at the Farm Advisor's office, with James A. Irving, county president, presiding.

JUDGE McLAUGHLIN IS CALLED BY DEATH ON WEDNESDAY

Funeral services for Judge Charles Emmett McLaughlin, 77, widely known attorney, jurist and civic leader of Sacramento, who died Wednesday of a sudden stroke, will be held Friday at 10 o'clock in the morning at East Lawn chapel, Sacramento. Entombment at the mausoleum will follow.

Judge McLaughlin was a past grand president of the Native Sons of the Golden West, member of Sacramento Lodge No. 6, B. P. O. E., former president of the California State Bar Association and a director of the California-Western States Life Insurance Co.

A native of La Porte, Plumas County, he had served that county as district attorney and as Judge of the Superior Court, later serving one term on the Appellate Court.

One son, one daughter and one brother survive him.

Harvey Tong was among callers from the Clarksville section in the county seat on Wednesday.

Mr. and Mrs. Jack Rasmussen, of Diamond Springs, will leave Friday on an automobile vacation trip to Colorado to spend several days with friends and relatives.

Radio Programs Boost Pony Express Route

Radio fans listening in every Wednesday night over KFBK, Sacramento, will hear the program sponsored by Pierce Arrow Lines, during which the Campus reporter tells of interesting things and sights in El Dorado County and especially of the trip to Lake Tahoe. This is according to Robert Neal, manager of the Placerville office.

"Also," states Mr. Neal, "the Pierce Arrow Lines and the Greyhound Lines, of which we are agents, figure very prominently in a program broadcast twice each month from station KFWB, Hollywood—a thirty-five hundred word story of a trip from Southern California to Lake Tahoe via Placerville. In addition to this Pierce Arrow lines carry a special 120 word message every Wednesday night about their transportation facilities from Sacramento, through Placerville to Lake Tahoe.

County-City Library Receives Gift Book

The auxiliary unit of El Dorado Post No. 119, American Legion, has recently presented to the county-city library a copy of Jepson's "Manual of Flowering Plants of California," which the library committee, Librarian Jesse Maynard and all who make use of the library will acknowledge with grateful appreciation.

T. J. Sigwart and son were up from Oakland for the week-end.

PARADE OF SPORTS

By HENRY McEMORE
(United Press Staff Writer)

DENVER, (U.P.)—Mrs. Martin Johnson is my choice to win the National Open golf championship, play in which starts today over the Cherry Hills course.

I pick Mrs. Johnson because the past 13 years of her life have been spent in the jungle. She is accustomed to the chatter of monkeys, the shrill cry of tropical birds, and the ever-present threat of the python.

The rough that surrounds the Cherry Hills course is the nearest thing to South American and African jungles that we have ever had in America. I do not guess at this. I know. Because the other day, in company of Al Waltrous, Lawson Little, and Joe Belfore, I played the Cherry Hills course.

For eighteen holes I drove into places that Stanley would not have dared. Even had he heard Livingstone's "Hallo" from just across the brush. Wild places. Hot and fetid places. Places where the cry of the Bengal tiger mingled with the sinister roar of the anteater.

This all came as a surprise to me, because when I played the course seven months ago it was a lovely and natural course. Trees grew where trees were supposed to grow. Bushes sprang up only from their native habitat. I went around the course at that time in 108. Today the best I could do was 126. This makes it obvious, even to Little Freddy back there on the back row, that the course has been toughened 18 strokes worth.

The first time I played it, I only had to play my golf ball. Today I had to

make many selective shots. On the third hole, for example, I had to make up my mind whether to play my ball, which was resting in a mongoose nest, or a giant panda which was browsing off the waist high rough. I elected to play the panda and fortunately he held the green beautifully and I was able to get him down in two putts.

I was not so fortunate on the seventh hole. Distracted by the sight of my fore carry being swung through the tree tops by a python, I muffed my eight iron chip of a young zebra and only got down in four putts because Little and Waltrous conceded after I had placed the zebra within three feet of the pin.

My difficulties were not lessened by the fact that quite a sizeable gallery followed our forsome and directed rude remarks toward Lawson Little, the man who two or three months ago expressed the opinion that Cherry Hills was an easy course.

I might as well get this off my chest at this point: Denver has been very unsporting in its attitude toward Lawson Little. When he said Cherry Hills was an easy course, he was speaking of the Cherry Hills course he knew when he was an amateur, and not Cherry Hills course that has been hopped up, so to speak, for the National Open. They have booed his every every practice round, in fact, his every practice shot. Yesterday they gloated over every shot he missed and were silent when he played a lovely shot. That, to borrow an expression from the Hunanah, is lousey.

But to get back to the course. As I said before when I was here earlier, I shot a sparkling 108. Yesterday—a 126. My guess is that Mrs. Martin Johnson, using her No. 7 snake kit her No. 5 quinine pouch, will win the tournament with a 72-hole score of 358. That is, of course, unless the U. S.

COLOMA

Forest Repair Funds
Are Recommended

Among the candidates for public office at the Farm Bureau meeting in Community Hall here Monday evening were Mrs. Baalke, of Smiths Flat, Miss Hogan of Cave Valley, Mrs. Ruby Melchior of Summit school, Kenneth McCoy of Shingle Springs, and Robert Clothier, all of whom gave interesting talks on the conduct of schools. Miss Jane McCusker, formerly deputy recorder, Henry Lyon, John Raffetto, Jr., George M. Smith and D. M. Bassi, our present supervisor from this district, also addressed the audience. Farm Advisor Lilley gave an interesting talk and Mrs. A. H. Peterson, of Los Angeles, who owns a ranch near Lotus, and is contact chairman for governor of this state. Delicious refreshments closed an interesting meeting.

G. A., in a last minute ruling, allows the boys to substitute barbers for cadets. In all my life I have never seen a golf course that needs a haircut like Cherry Hills.

According to telegraphic dispatches from Washington, the appropriations committee of the House of Representatives has recommended a million dollars for the repair of storm damage in national forests in California, the amount to include an allocation of \$32,594 for the repair of damage on El-dorado National Forest.

"TOY" GUIDES SAVANTS IN DESIGNING BIG TELESCOPE

PITTSBURGH, (UP)—Engineering details of a giant 200-inch telescope that will double man's vision of interstellar space from its position atop a California mountain have been determined through tests made with a tiny "toy" on a laboratory table in Philadelphia.

Engineers of the Westinghouse Electric company's turbine division revealed they had been called upon to assist in designing and building a support for the giant cosmic mirror.

The new telescope, which will scan the heavens from the crest of Mt. Palomar in California, will be the largest in the world, with power approximately twice that of the Mt. Wilson telescope in the same state. Engineers, thus faced with a problem in which they had no precedents to guide them, turned to a celluloid model to vision the completed structure of steel and glass.

DEANNA DURBIN sings four songs in Universal's refreshing comedy drama, "Mad About Music," opening at the Empire tonight.

MISS McCUSKER MAKES STATEMENT OF HER CANDIDACY

The following statement of her candidacy for election, subject to the August 30th primaries, was issued Wednesday by Miss Jane McCusker, of Placerville:

"In announcing myself as a candidate for the office of County Recorder, I do so with the knowledge that I am not a stranger to most of the people of the county, having been employed as a deputy in the County Recorder's office for about seventeen years. I think most of you will remember me and all about me.

"I am thoroughly familiar with the work of the office, having had full charge of the office many times during my service as deputy, as you all know. "It was always a great pleasure to me to serve the people who came in the County Recorder's office. They were so invariably kind and courteous, and I sincerely hope I met them in the same way.

"I do not know if I will be able to meet all the people of El Dorado County before the Election, but, if I do not, please do not hold it against me, as I have no automobile, and that is going to make it difficult for me to meet everyone. But, I promise you that I will do my utmost to see as many people as I possibly can.

Yours for efficiency and courtesy."

WHEN YOUR DRAIN
IS CLOGGED or
SLOW

"PHONE ME—I've got the drain cleaner to open it—I'll use any drain cleaner will work. It's called MULE-KICK. MULE-KICK is better because it's 99.4% pure chemicals—acts quickly. Contains NO adulterations to bubble or spit causing dangerous gases and harmful fumes. Its air-tight container brings it full strength—more powerful. It's fully approved by Good Housekeeping Institute. Let me send you a can today. Use it frequently and avoid slow or clogged drains.

(Continued from page 1)

foods laboratory to accommodate 32 students per period, a practice dining room, a cafeteria that will seat 250, and a cafeteria kitchen.

The school now transports approximately 310 students per day who are unable to eat lunch at home. The law requires that ample lunching facilities be provided where students may eat lunches brought from home or where they may purchase wholesome and nourishing foods. During the remainder of the day this cafeteria room will be used for visual education instruction, class meetings, boys' forum and girls' league meetings and meetings of other large groups.

The upper floor will include classrooms for mechanical drawing, art, sewing, and music (band, orchestra, and glee). Each of these classrooms will be large and will accommodate approximately twice as many pupils per period as is now being taught in the present classrooms used for these courses. The classrooms thus vacated will be made available for other classes with the exception of the art room which adjoins the library and will be remodeled to increase the present over-crowded library.

The Governing Board, through its architect, Harry J. Devine, has made application to the Public Works Administration for a grant to assist in the construction of these proposed additions. Further, the Division of Schoolhouse Planning, State Department of Education, has under date of June 1, 1938, notified the Board as follows: "We have today given preliminary approval to the plans, drawn by Harry J. Devine, Architect, for the additions to your high school plant. Mr. Devine has been in conference with this office on a number of occasions during the development of these plans and we are pleased that the school officials and architect followed out the findings of our survey." Signed—Hoyt Early, Architect, Division of Schoolhouse Planning. Further, the County Grand Juries of 1936, 1937, and 1938 have recommended that enlargement of the high school plant should be made in order to provide adequate facilities for the youth of El Dorado County.

The bond election has been called for Friday, June 17, 1938. Will you go to the polls between the hours of 1:00 and 6:00 P. M. and support this election in order that the boys and girls of El Dorado County shall not be denied the training to which they are justly entitled.

Signed: Governing Board of El Dorado County
High School District.

VIENNA BOYS' CHOIR SINGS IN SUPPORT OF DEANNA DURBIN

The famous Vienna Boys' Choir has broken into motion pictures at last, but even at that they will not appear on the screen.

To reverse the old adage about little boys, they will be heard and not seen in Deanna Durbin's new Universal picture, "Mad About Music," which comes to the Empire Theatre on Thursday.

They were signed to provide the vocal background when the fifteen-year-old soprano sings Gounod's "Ave Maria" in a church choir scene.

The ages of these Austrian choristers range from eight to ten years. — There are two dozen of them in the choir. According to producer Norman Taurog, the group comprises the most famous boys' choir in the world.

Their organization is over four centuries old. Its members have sung before practically every European mon-

NATIVE SONS TO MEET ON SUNDAY AT COLOMA

A class initiation and picnic of the Native Sons of the Golden West and their ladies will be held at Marshall Monument State Park, Coloma, on Sunday, June 12th.

The day is being sponsored by Placerville Parlor No. 9, which has invited the attendance of Grand Officers of the order, members of Georgetown Parlor, and of members of parlors in Amador, Placer and Sacramento counties, with their ladies.

It is planned that the class initiation will be held at 10 o'clock in the morning, to be followed by a program and the picnic.

arch and pope during those four hundred years.

Bob Burns and Martha Raye are featured in "Mountain Music," opening at the Ely Dorado tonight.

One Trade-In Puts Auto Dealer In Horse Business

Kermit Wilson, Paradise, Oregon, farmer gave six horses for his down payment on a new Hudson 112. He thought that six horses for 83 horsepower wasn't such a bad trade.

Automobile dealers in agricultural sections of the country don't have the same kind of trade-in situation that confronts those in the metropolitan centers. Whenever city dealers take something "in trade" on a new automobile, it is almost invariably a used car. But where farmers provide the greater part of the motor car market, the trade-in is liable to be a horse, or a cow, or some farm commodity that has a ready resale value.

However, the Hudson Motor Car Company's advertising department is faced with a real problem if there is to be much repetition of an experience reported by the Hudson dealer in LaGrande, Ore. It will be necessary for the men who write the used

car advertising copy to forget about wheelbases and balanced crankshafts and such, and learn something about fetlocks and pasterns. When a Hudson 112 sedan was sold recently to Kermit Max Wilson, a farmer living near Paradise, Ore., the trade-in was, believe it or not, six horses. In the matter of horsepower received, Mr. Wilson got all the better of it, as his new car gives him 83.

The Chandler Tractor and Equipment Company, the Hudson dealers in LaGrande, apparently are not so bad at horse trading either, as within a few days purchasers for all six horses were found. Thus, the records will show no loss due to "depreciation on trade-in."

RECORDER CHAS. MARSH FILES NOMINATING PETITION

County Recorder Charles E. Marsh on Thursday filed nominating papers qualifying himself as a candidate for re-election in the approaching fall election. Mr. Marsh was first elected to the office in the fall of 1906 and assumed the duties of County Recorder in January of 1907, since which time he has conducted the office in a manner meriting his regular re-election. In announcing his candidacy for re-election, Mr. Marsh said he has no campaign promises to make, except that he will continue as he has in years past to fulfill the duties of the office faithfully.

Notice of Intention to Engage in the Sale of Alcoholic Beverages

June 2, 1938.
To Whom It May Concern:
Notice is hereby given that fifteen days after the above date, the undersigned proposes to sell alcoholic beverages at these premises, described as follows:
Silver Fork Station, Highway 50 31 miles East of Placerville.
Pursuant to such intention, the undersigned is applying to the State Board of Equalization for issuance of an alcoholic beverage license (or licenses) for these premises as follows:
On Sale, Beer only.
Anyone desiring to protest the issuance of such license may file a verified protest with the State Board of Equalization at Sacramento, California, stating grounds for denial as provided by law.

KENNETY L. GRAY

FOUR COUNTY TEACHERS WILL ATTEND NEA CONVENTION

Four school teachers of El Dorado County left Placerville Wednesday by automobile on a trip of five or six weeks' duration which will take them to Washington, D. C., Philadelphia, the National Education Association convention at New York City, and home via Niagara Falls, Lake Louise and Seattle.

The four are the Misses Eleanor Scherrer, and Inez Veerkamp and Mrs. Helen Pierroz and Mrs. Frances Hancock.

They were guests Monday afternoon at a luncheon given in their honor by Mrs. Will Miller, at her beautiful new Early California type home at Gold Hill. A traveling scene "From Old Hangtown to New York," on which various points of scenic interest across the country were represented predominated in the luncheon table decorations.

Cactus blossoms of various colors and rock plants completed the decorative scheme while New York or Bust," printed on napkins and place cards, was the motto for the afternoon.

Following luncheon guests assembled in the spacious living room where a miscellaneous joke shower was given and the presentation speech was made by Mrs. Joseph Scherrer. Games were played and songs appropriate to the occasion were sung.

Invited guests included Mesdames Joseph Scherrer, Louis Veerkamp, James Deering, Herman Thiele, Clinton Veerkamp, Muriel Brown, Lois Miller, Alice Akin, Betty Bergantz, Gladys Veerkamp, Nona Chapman, Helen Veerkamp, Nora McCommas, Ethel Wilson; the Misses Laura Ball and Louisiana Schnell; for guests of honor, Miss Veerkamp, Miss Scherrer, Mrs. Hancock and Mrs. Pierroz, and the hostess, Mrs. Will Miller.

Tyler, at Mountain; Leo N. Ench at Smith Flat; Virner E. Wylie, at Kelsey; Stanley Pomin, at Lake Valley; and A. K. Barton, at Summit.

BLAIR'S DISTRICT

An election of school trustees was held at the Blair's School Friday afternoon, June 3rd. A total of seventeen votes were cast electing John R. W. Wilson to succeed Frank Noyes as trustee for Blair's District. Emil Larson and Carl Visman are also members of the board. Serving on the election board were Mrs. C. Visman, Mrs. Noyes, and Mrs. MacFarland.

Cold Springs Group To Present Play

A community play will be presented at the Cold Springs school Tuesday evening at 8:15 o'clock. The name of the 3-act comedy is "Small Town Romeo." The setting is in a small country town. The plot centers about the village hotel where a ghost walks. The ten characters are played by the young people of Cold Springs community and friends including Kenneth Jones, George Atkinson, Clara Tubbs, Genevieve Gallagher, Wally Denman, Irvin Shuman, Ross Findley, Grace Denman, Betty Findley, and Edith Shuman.

The play will be given on an outdoor stage and no admission will be charged. The public is cordially invited to attend and enjoy this community effort.
